Supreme Court Case No. 16-AP-069

Judgment Entry

James Mueller has filed an affidavit with the clerk of this court under R.C. 2101.39 and 2701.03 seeking to disqualify Judge Timothy Grendell from presiding over any further proceedings in the above-captioned case.

Judge Grendell has voluntarily recused himself from the review hearing pending before the court. Therefore, the affidavit of disqualification is dismissed as moot. The assignment of a visiting judge to conduct the review hearing and complete all proceedings relating to it will be addressed in a separate entry.
